RAFAEL ANTUNES

Final-year Computer Science and
Engineering

About me

I'm 22 years old and currently a final-year Computer Science and Engineering student at ISEC – Coimbra, specializing in Networks and Systems Administration. I'm passionate about cybersecurity, cloud technologies, and software development, always eager to learn and explore new tools and frameworks.

I enjoy solving technical challenges and continuously improving my skills. Outside of technology, I love practicing sports, watching movies, and playing video games.

Education

(2022 - Now)

ISEC

Bachelor's Degree in Computer Science
and engineering

Projects

Corporate Network Simulation (GNS3):

Configured a complex, redundant network using dynamic routing protocols to ensure high availability.
Technologies: **GNS3**, **Cisco IOS**.

Deployment & Storage Server:

Implemented a PXE server for automated OS deployment and configured True-nas for robust, centralized storage management.
Technologies: **PXE**, **TrueNAS**, **VM**, **Linux** and **Proxmox VE**.

Portfolio:

Designed and maintained the personal website, serving as a functional portfolio built with modern frameworks.
Technologies: **Next.js**, **TypeScript**, **Tailwind CSS**, **HTML**, **CSS**.
